## Professional Summary

Results-driven **Frontend Developer | React.js Developer | Software Engineer** with strong expertise in **JavaScript (ES6+), React.js, HTML5, CSS3, and Tailwind CSS**. Skilled in building responsive, high-performance web applications with clean, scalable code. Strong foundation in **C, C++, and Data Structures & Algorithms**. Experienced in **REST APIs, Version Control (Git), Agile Development, Single Page Applications (SPA), Cross-Browser Compatibility, and Responsive Web Design**. Passionate about solving complex problems and contributing to **agile, cross-functional teams**.

## Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, GSAP, Responsive Web Design
- **Backend & Tools:** Node.js (basic), RESTful APIs, Git, GitHub, VS Code, Vercel, Firebase (basic)
- **Programming & DSA:** C, C++, Data Structures & Algorithms

## Projects

**Agency Website UI (Refokus Inspired):** Developed a modern responsive website using HTML, CSS, JavaScript, and GSAP animations, enhancing UX with parallax scrolling and hover effects.

**Quiz App (React + Tailwind):** Built an interactive quiz app with React Hooks, real-time score tracking, and mobile-friendly UI.

**Netflix-GPT Clone:** Implemented API-based content fetching in a React app for personalized recommendations, improving interactivity.

**React UI Templates:** Designed reusable UI templates in React.js, accelerating prototyping by 40%.

**Contribution Tracker:** Created a shell script and UI to log daily coding activity, ensuring consistent GitHub contributions.

## Education

**B.Tech – Artificial Intelligence & Data Science** | Chameli Devi Group of Institutions, Indore | 2021 – 2025

**12th (PCM)** | City Public H.S. School, MP Board | 70%

**10th** | City Public H.S. School, MP Board | 69%

## Certifications

- C Programming – MySirG
- C++ Programming – MySirG
- Data Structures & Algorithms with C++ – MySirG
- Django + Python Core (Internship & Certification) – MySirG
- JavaScript & React (self-learning projects, GitHub portfolio)
